

Mr. James McLaughlin, Director

The Master's College Online allows conservative evangelical believers worldwide to experience the academic excellence and spiritual influence consistent with the college's on-campus programs. A variety of baccalaureate-level Biblical Studies and General Education courses are available in a fully online learning community taught by TMC faculty from a distinctively biblical worldview. The Master's College Online provides transferable courses and an award of completion in biblical studies to complement on-campus degree programs at TMC or other universities. Both for-credit and audit enrollment options exist to enrich local church membership and equip individuals for church ministry.

INTENDED AUDIENCE

Individuals who could benefit from TMC Online classes include prospective undergraduate students, the college's currently enrolled students, academically strong 11th and 12th grade high school students, and students needing selected general education courses for transfer purposes. ONLINE COURSE FORMAT

TMC Online courses are delivered through Joule, an online learning community, complete with streaming video and podcasts, PDF handouts, Power Point slides, and interactive discussion forums. All course assignments are delivered and submitted weekly via the course home page, and exams are taken fully online. Courses can be taken for credit to receive baccalaureate-level semester units or audit which is an ungraded, non-credit option. All new students must go through the TMC Online admissions process, or be accepted to one of the TMC degree programs. Admission to the TMC Online program does not necessarily guarantee future admission to the College's undergraduate programs, but the educational experience can be a great segue for full-time enrollment in TMC's degree programs. Current students may register for online courses during their normal semesters or as post session (e.g. during summer break) with the help of their academic advisor

APPLICATION PROCEDURE

In order to be admitted to TMC Online, the applicant must (at minimum) have completed the tenth grade of high school. He or she must be able to give a clear, one or two page written personal testimony explaining the basis of his or her salvation and hope of eternal life with scriptural support. All applicants must be in general agreement with doctrinal position of the College, and be in consistent attendance at a local church. In addition, the applicant must submit a Pastoral Reference and official transcripts from the most recently attended school or university.

If the course is being taken for credit, exam proctoring may be required. Student with a proctored exam requirement must submit a Proctored Testing Agreement Form signed by an approved proctor. For exams requiring proctoring, the student will be responsible to schedule a time with their proctor to take a test during the week it is assigned. The proctor will monitor the student in the taking of tests to make sure that test procedures are being followed.

COURSE ADMINISTRATION PROCEDURES

Accepted applicants will receive a user name and password and instructions for registering on Self-service (www.masters.edu/selfservice). A TMC e-mail account will also be provided for all correspondence pertaining to registration and classes. On or before the course start date, all registered students will be sent course home page access. Streaming video lectures or podcasts are built into the course web pages so the student can access them at any time. If the student cannot use the streaming video because of system limitations, a DVD set may be purchased. Once the course begins, students should plan to spend approximately twelve to fifteen hours per week completing the required scheduled activities, which may include viewing lectures, completing assignments, and participating in discussion forums and group projects.

The audit student will be expected to watch the lectures according to the course schedule on the Joule website, and they are encouraged to participate in threaded discussions with their classmates and instructor. They can complete the class reading and assignments on an ungraded basis if they desire, but they will not have access to exams. Audit students should generally expect a workload of approximately four hours of video lectures per week.

TRANSFERRING COURSES

The Master's College Online courses are accredited

by the Western Association of Schools and Colleges (WASC) and can be transferred to other universities as baccalaureate-level semester credit. Each school has unique policies for what curriculum is required and which courses they will accept for transfer. The Master's College Online cannot guarantee that courses will fulfill curriculum requirement at any other university and recommends that the student check with the university's Registrar before enrolling to determine if our courses fulfill their requirements.
