

# GOLF/UTILITY CART WRITTEN TEST

1. What type of inspection should you perform before driving a utility cart?  
 360 degree, examining tires and signs of damage.  
 Inspection? What is that?
2. Is a valid driver's license required to operate a utility cart?  
 Yes! It is required at TMU!  
 No, it is not required on private property so who cares?
3. Do pedestrians have the right of way on the campus sidewalks, etc?  
 Yes, they do and I should be careful to avoid the sidewalks whenever possible.  
 What is a pedestrian?
4. Should you drive a utility cart if you are impaired or unfamiliar with the cart?  
 Yes! I can figure it out on the fly.  
 No! If I am ill, fatigued, or on prescription medication making it unsafe, I will not drive.
5. How many passengers should ride in a utility cart?  
 Stack everyone on top of each other! It is much fun!  
 Only equal to the number of seats available
6. Should you text, talk on the phone, or allow yourself to be distracted while operating?  
 Yes, I'm too important to pull over and text or talk!  
 No, I should safely find a place to pull over and then respond unless hand's free.
7. Should you leave keys in the cart when it is parked and unoccupied?  
 Yes! We always do that to make it more convenient for each other in our department.  
 No! Someone could steal it and/or take it for a joy ride and incur liability!
8. If I'm involved in an accident and hurt someone or damage a vehicle, I should ...?  
 Not tell anyone because I'll likely get in trouble.

\_\_\_ Stop by the guard shack and ensure a full report is filed as required

9. When is it okay to park in the middle of the sidewalk so no other carts can get by, or in a handicap space, or blocking a fire lane, or so as to obstruct pedestrians/vehicles?

\_\_\_ When it is most convenient for me and my guests!

\_\_\_ Never, I'm sure I can find someone else close by to park that isn't blocking a fire lane, taking up a handicap space, or otherwise blocking a sidewalk or making traffic drive around me.

10. What is the campus speed limit for golf carts?

\_\_\_\_\_ Duh, as fast as I need to go to get where I'm going!

\_\_\_\_\_ 10 mph, which is pretty slow but I understand we need to be concerned about liability!
