

**THE MASTER'S**  
UNIVERSITY

TMUS on-campus housing is open. Unless otherwise indicated, your housing situation has not changed. In addition to enhanced deep cleaning and the implementation of safety protocols, our beautiful, newly renovated dorms may be temporarily modified as needed to meet guidelines, including dividing each dorm room into two separate living spaces, so there are two bedrooms instead of one. The Los Angeles County Department of Public Health, in the most recent guidance, has stated that colleges and universities may provide housing for students who have no other feasible residential option. By signing below, you affirm that you fall into this category and require on-campus housing.
