BIBLICAL mandates.

developing wisdom. establishing convictions. producing leaders.

The Master’s University is committed to developing its students into people who obey God because they are personally accountable to Him and His Word rather than to man and his arbitrary rules. Our policies regarding student conduct are divided into two categories, Biblical Mandates and University Policies. Biblical Mandates are specific commands from God’s Word which apply to a believer’s life. University Policies are requirements designed by the University administration to facilitate an educational environment that honors the Lord.

As an academic and spiritual community, The Master’s University requires students to adhere to both Biblical Mandates and University Policies while the semester is in session or while they are representing the University in an official capacity (missions trips, concerts, sporting events, etc.). This includes Thanksgiving break, Winterim, Easter break, spring break, and post sessions.

The student, by virtue of his or her signature on the Application for Admission, agrees to live within the framework of the standards of the University both on and off campus while each semester is in session or while participating in any University-sponsored program. While a student’s personal convictions may differ somewhat from these standards, their choice to become a part of The Master’s University community implies a commitment to willingly abide by these policies. Students on Christmas or summer break are expected to honor the Lord by living a life submitted to biblical mandates and are encouraged to honor the authority of parents, church leaders, and employers in regard to matters of personal preference.

CAMPUS mail.

basic campus mail information.

Mail Center personnel are eager to serve the faculty, staff and students of The Master's University. Although the Mail Center is not a branch of the U.S. Government, we are still governed by U.S. Postal Service regulations. Therefore, the Mail Center must observe federal requirements in handling and processing the mail. We have also instituted other policies in order to maximize efficiency and provide a high level of service. Visit our website at masters.edu/mail-center.

mail center faqs.

What is my student address?

All incoming mail and packages for students at The Master's University should be addressed:

STUDENT'S NAME _____ TMU # _____
THE MASTER'S UNIVERSITY
21726 PLACERITA CANYON ROAD
SANTA CLARITA, CALIFORNIA 91321-1200

What is my TMU # ?

Your TMU # is your mailbox number. Mailbox numbers are issued by email during August provided the student has completed the registration process. You may access your mailbox combination, mailbox number and dorm information on Content Management by clicking on "Mailbox Info" (under heading "Students"). Your mailbox number is very important. Please notify everyone who will be sending you mail to include your mailbox number on all your mail. Mail received without your mailbox number will be delayed.

What is the best way to ship personal belongings from home?

- We recommend using UPS for your larger packages.
- Please keep packages under 50 lbs for ease in carrying them to the dorms.
- Packages should be corrugated with cushioning around items except for clothing and books.
- Packages should be firmly packed and taped with reinforced packing tape. Do not use rope, twine, masking tape or duct tape on packages.
- The Master's University cannot assume responsibility for items stolen or damaged during shipment. Therefore, make sure all of your packages are insured.
- Refer to ups.com for more packaging guidelines.
- If packages are not prepared correctly, UPS will not honor any claims against damage.
- A package slip will be placed in your mailbox the day a package arrives. Your package may be picked up in the Campus Mail Center as soon as you arrive; however, you may want to wait until you have checked in and have your room key so you don't have to carry them around.

STUDENT LIFE.

campus life.

Campus life exists to serve the TMU campus for their joy in Christ. We invest in our campus through intentional communication, purposeful events and joyful service to, through, and because of our great Savior Jesus Christ. The campus life team is a student-led extension of the Office of Campus Life and its purpose is to facilitate events, activities, and traditions to promote community and fellowship with one another.

chapel.

Chapel is the central gathering time for the proclamation of God’s Word to our campus community. While primary importance is placed on the teaching of the Scriptures, we compliment this through the worship of our God in song, corporate celebration of who we are as a community, and highlight accomplishments and victories from our midst. We meet for chapel on Monday, Wednesday and Friday from 9:10 to 10:20 a.m.

intramurals.

We desire to challenge each individual to view his participation as more than just physical exercise. We believe that competition raises many opportunities for us and others to look through a window into our hearts. The manner in which one conducts himself during recreation and competition is a reflection of one’s character and is ultimately a spiritual matter. Our goal is that character would be developed through interaction with teammates, opponents and game officials. This avenue provides increased opportunity for fellowship and relationships while simultaneously giving the opportunity to model Christian character and biblical leadership.

international student advancement.

The international community at The Master’s University includes over 100 international and third-culture kid (TCK) students from nearly 40 different countries. We desire to shepherd these students through their transition to The Master’s University, mobilize them toward involvement in all areas of campus, help them share their unique backgrounds with the campus at large, and provide opportunities for them to build authentic relationships with one another. Our staff actively promotes the spiritual, academic and social success of these students through a pre-WOW orientation, a fall international retreat, service projects, prayer partners, a celebration of completion, personal counseling and other community events.

GLOBAL OUTREACH.

The Office of Global Outreach seeks to glorify God through the promotion of His work around the world by providing students with a practical awareness of missions and with opportunities to minister to the spiritual and physical needs of the world.

global outreach (go) teams.

GO teams exist to magnify the name of Jesus by involving students in local churches and vocational ministries in cross-cultural settings around the world. After training together during the spring semester, GO teams minister and learn together for 4-8 weeks during the summer. Examples of trip locations include Ecuador, Philippines, Albania, South Africa, Southeast Asia, England, and Togo. Vocational opportunities may include medical support, orphan care, EFL, sports ministry, computer networking and media support, among others.

engage day.

Engage Day is a day that we cancel classes and give our students an opportunity to serve our community through their local church. We seek to encourage our students to serve our local community with their local church through community evangelism, partnering with non-profits, serving the community center, cleaning up public facilities, or serving local families. We seek to uphold the local church and give students an opportunity to partner with their local church in our community. We encourage you to sign up for Engage Day!

local church day.

At Master’s, we recognize the value of our student body being actively involved and plugged into the local church as a means of spiritual growth, fellowship, and service. At the beginning of the fall semester, we invite key church partners to our campus to interact with the student body and help them find a local church home to practically live out the “one another’s” and their role as a part of the body of Christ.
